

BUBWITH COMMUNITY HOUSING NEEDS SURVEY

Community Led Housing is designed and managed by local people, to meet the affordable housing needs of our community and is Not for Profit. The scheme ensures that residents are at the heart of the process when key decisions are made in the development of affordable homes and developments are small in scale and number of homes.

This short survey is to establish people's views on a new Community Led Housing scheme in the area. All replies will be confidential.

1. If a need were identified, would you support a small development of affordable housing for local people in this survey area (Bubwith, Brighton, Willitoft)?

Yes

No

Maybe

Please provide the reasons for this if you wish to do so, e.g. if you anticipate that you or a family member will have a housing need within the next few years:

Community led housing is all about finding like-minded volunteers who are keen to be able to provide the right housing in their village for: older people wishing to downsize, young families, or young people leaving home. The success of this scheme will rely heavily upon people's willingness to be involved in the project. With this in mind, do you have any experience which could prove helpful i.e. financial, architect, legal, building etc? Would you be willing to become involved?

There will be opportunities to learn more about the scheme at various events which will take place in the Leisure and Community Centres. Dates will be advertised in the newsletter and everyone is most welcome to come along for a chat and to find out if this is something you are willing to become involved with.

Consultation of the housing needs of the community is a vital early step to determine if the scheme is to progress further. If the results of the survey indicate positive support for the scheme, then the many steps required to instigate the process may begin.
